No detail was spared when designing this one-of-a-kind Canmore home! Around the corner from local favorites JK Bakery and Crazyweed Restaurant, you're only a short walk to Main Street and the Canmore Golf & Curling Club. Just past the covered front porch, you're greeted by a heated tile foyer, massive entryway closet, and storage friendly mudroom with a lock off bonus room or legal suite ahead. Here, find 2 spacious bedrooms, a kitchenette and private entry to the fenced in backyard. The abundance of natural light, private laundry, and beautiful tile facing gas fireplace with hand crafted wood shelving create a comfortable area to host your friends and family. Alternatively, offer a pristine mother in law suite or secure a full time tenant and generate monthly income. Sheek glass railings lead you upstairs to the sun drenched living area and an impressive 15' x14' South facing balcony complete with a BBQ gas hookup - the ideal spot to chase the summer sun. Engineered hardwood flooring runs throughout and is complimented by an impressive three tone chef kitchen, complete with Café Stainless Steel appliances, and a 2nd gas fireplace. Soak up the mountain views from the kitchen, dining room and living room alike with wall to wall windows and a sprawling vaulted ceiling. On the opposite end of this floor you' Il find the primary bedroom suite, 2 guest rooms and a 4-pce bathroom. Restore and relax in the sophisticated ensuite finished with a dreamy walk-in closet, free standing bathtub, tiled shower, and double undermounted sinks. Additional features include a heated garage, wood ceiling, custom closet organizers, 8ft doors, undercabinet and toe-kick lighting, BBQ gas hookup, built in pantry, and two complete laundry rooms… Your slice of rocky mountain heaven starts here!
